Experience

Full Stack Developer

KCI KompetenzCenter Innovation GmbH – Hamburg, Germany

09/2025 – Present (Full-time)

- Developed **B2B digitalization applications** to automate and optimize enterprise workflows for international clients.
- Built responsive and high-performance frontend interfaces using **React** and **Next.js**.
- Designed and implemented scalable backend services using **Node.js** and **Express.js**.
- Developed and managed relational databases with **PostgreSQL**, including schema design, query optimization, and data modeling.

Frontend Developer

Alinme – Hamburg, Germany / Remote

01/2026 – Present (Freelance / Side Project)

- Contributed to the development of the **Alinme** admin platform using **React**, **TanStack Router**, and **TanStack Query**, with a focus on scalable architecture and smooth data handling.
- Implemented reliable **E2E and integration tests with Playwright**.
- Developed features for the main platform using **Next.js** and **React**, following clean architecture principles to ensure maintainability and long-term scalability.

Frontend Developer

Nationsbase – Hamburg, Germany / Remote

02/2024 – 06/2025

- Developed and optimized a modern web app using **Next.js**, **React**, and **TypeScript**.
- Executed responsive and accessible user interfaces with **Tailwind CSS**.
- Boosted application performance through **SSR/SSG** optimization.

Junior Frontend Developer

Dana Energy – Tehran, Iran

01/2023 – 06/2023

- Developed **internal ERP** with **React** and **Vite** for data management
- Worked closely with UI/UX designers and backend engineers
- Applied component-based design for scalability

Internship Frontend Developer

Dana Energy – Tehran, Iran

06/2022 – 01/2023

- Maintained and implemented UI components using **HTML**, **CSS**, and **JavaScript**
- Collaborated on UI designs and implemented interactive features

Project

Tech Heim E-commerce – [Demo](#) | [GitHub](#)

Next, TypeScript, React, Tailwind CSS, Strapi, Shadcn

- Developed a full-featured **multi-language** e-commerce web platform
- Achieved blazing-fast load times using **SSR** for **PLP** and **ISR** for **PDP**
- Successfully applied the entire e-commerce flow, including **JWT-based** authentication, product browsing, cart management, checkout and payment
- Utilized **Zustand** with persist for data retention and subscribe for UI updates

❖ Professional Summary

Frontend/Full-Stack Developer with 3+ years of experience building responsive, scalable web applications using **React**, **Next.js**, **Node.js** and **TypeScript**. Experienced in agile development, REST API integration, and CI/CD workflows. Committed to clean, maintainable code and delivering high-quality releases in fast-paced, collaborative environments.

❖ Technical Skills

- Languages: **JavaScript**, **TypeScript**, **HTML5**, **CSS3**, **Python**
- Frameworks & Libraries: **React**, **Next.js**, **Node.js**, **Express.js**, **Tailwind CSS**, **SCSS**, **SASS**, **Zustand**, **Bootstrap**
- Testing: **Playwright**
- Tools & Platforms: **Git**, **CI/CD**, **Gitlab**, **Docker**, **Webpack**, **REST API**, **Swagger**
- Core Competencies: **Responsive Design**, **SSR/SSG**, **Agile Methodologies**, **Accessibility (a11y)**, **UI/UX Best Practices**, **Agile/Scrum**, **JSON**

❖ Certification & courses

- Meta Front-End Developer Professional Certificates – Coursera (2025)
- The Ultimate React Course 2024: React, Next.js, Redux & More – Udemy – (2024)
- Python for Data Science & Machine Learning – Udemy (2021)

❖ Education

- M.Sc. Petroleum Engineering
Amirkabir University of Technology
(Tehran Polytechnic), Iran
2016– 2019

❖ Language

- English: **C1**
- German: **B1** (actively improving)
